

Hartland Planning Commission (HPC)

Amended December 18, 2024 HPC agenda.

HartlandPLanningCommission@hartlandvt.org

Delay of the discussion of the proposed Town Farm Hill Road cell tower as was noticed in our December 18, 2024 Agenda. The reasons are:

(1) We just received an email from Town Manager John Broker-Campbell stating, "I am coordinating with the Applicant on a public meeting this winter (likely January or February)". The HPC now needs to discuss this. We are pleased with this prospect (2) We were asked by some residents to hold an evening meeting rather than one in the late afternoon.

As such, we will reschedule our Cell Tower discussion until our first meeting in January, tentatively set for Wednesday, January 8th, 2025.

Regardless of the timing of the proposed public meeting with the Applicant, the HPC will file appropriate material before the end of the 60 day Advanced Notice Period ending on January 15.

Submitted by Jay Boeri, HPC Clerk December 14, 2024
